

REMARKS

The title has been amended to match the title of the international application.

The above amendment is submitted to place the claims in substantially the same condition as to the claims which have been amended under Article 34 in the international application and to remove improper multiple dependency in the claims. An English translation of the annexes of the PCT international preliminary examination report is enclosed. Early and favorable action is awaited.

In the event that any fees are due in connection with this paper, please charge our Deposit Account No. 01-2340.
